

Screens for Hospital Management System

1. Login page (US001)

The image shows a web browser window with a black title bar containing three blue dots on the left and the text "ABC Hospital Management System" in the center. The browser's address bar also displays "ABC Hospital Management System". The main content area has a light blue background. In the center, there is a white rectangular box with a black border. Inside this box, the word "Login" is centered at the top. Below it, there are two input fields. The first field is preceded by the label "User" and the second by "Password". Both labels are aligned to the left of their respective input fields.

2. Create Patient (US002)

The screenshot shows a web application window titled "ABC Hospital Management System". The window has a light blue header bar with the title and three navigation buttons: "Patient", "Pharmacy", and "Diagnostics". The "Patient" button is selected. Below the header, the main content area is blue and contains a "Patient Registration" form. The form has the following fields: "Patient SSN ID *" (text input), "Patient Name *" (text input), "Patient Age *" (text input), "Date of Admission *" (text input), "Type of bed *" (dropdown menu with "Select" as the current value), "Address *" (text input), "State *" (dropdown menu with "Select" as the current value), and "City *" (dropdown menu with "Select" as the current value). A note "* Mandatory" is located below the "City *" field. At the bottom of the form are two buttons: "Submit" and "Reset".
